

TO INFINITY & BEYOND

Tri-City Christian Schools • Summer Day Camp
Entering Grades 1-8 • Week 4 • July 6 - 10

MONDAY

Strap on your helmets as we blast off for another terrific week of fun and adventure! The universe is a vast place for us to explore and learn more of God's incredible creation. We'll achieve new heights as we blast off rockets in the field and explore new speeds with our bikes, scooters and helmets. Don't miss out as we travel from here to infinity and beyond!

TUESDAY

There is a dark, cold expanse of the universe where you need a space suit to survive. And then there are cool and wet expanses of the universe where you need a bathing suit to survive! But first, we're off to the movies at 9:00 AM to see *The Tale of Despereaux* (G) or *Kung Fu Panda* (PG). Then we'll take off to the park for lunch and blast off to the pool to test out the wet expanses of our universe. We will return by 3:45 PM.

WEDNESDAY

Today we'll start our countdown for departure for The Cube Discovery Science Center. Blast off is at 9:00 AM. Get ready for some hands on time with cool experiments. Be sure to wear your camp shirt! We'll return by 3:30 PM.

THURSDAY

Today we'll make a pit stop by earth to spend some time with the pre-school for buddy day! Then we're off again to the park for lunch and some time to explore our planet. We'll also get some out of this world Slurpee's to stay cool in the sun. We'll blast off at 11:30 AM and return by 3:00 PM.

FRIDAY

Time to blast down as we end our week at the beach for our weekly BBQ and ocean swim. Lunch is on us, but don't forget your sunscreen. We leave at 10:00 AM and get back by 3:00 PM.
