## TCCS Summer School Application for **Geometry**

Thank you for your interest in our summer school Geometry program. It is the desire of TCCS to help students in their quest for advancement in Math by offering Geometry this summer. The TCCS summer school program will be taught by a qualified TCCS teacher and is designed to cover a **full year** of Geometry. Applicants must have completed the TCCS readmission packet for next year in order to be considered. All applicants agree to obey the rules and regulations by which the school is operated and to support the Christian principles by which it stands. TCCS is authorized to administer such disciplinary measures as may be deemed necessary and proper by the Administration.

Due to the contract nature of the program, **all fees are considered nonrefundable once the completed application has been submitted**, unless the class is cancelled due to under enrollment. Students may drop the class through the end of the first week with no grade penalty. However, all fees are nonrefundable. After the first week of class the student will receive a permanent transcript grade for the class. If a student misses more than 5 days during the course, they will receive an automatic F for the class.

**Class Schedule:**
